

Centre Console

Available in sizes ranging from 4.80 to 9.50 metres

The Centre Console configuration is popular for the serious fisherman. Allowing easy access to all areas of the hull, it is perfect for reeling in those big fighters. Stability at rest is top of its class and this little beauty doesn't require a flooded hull to achieve it. Traditionally a very wet style of boat, the Genesis Craft Centre Console design is surprisingly dry and comfortable.

STANDARD HULL FEATURES:
